Prayer Before Worship: Dear Savior, upon Your gracious invitation I come to Your altar. Let me find favor in Your eyes that I may approach Your table in true faith and receive the Sacrament to the salvation of my soul. Amen

HYMNS: 577 81 79 82 vs. 1,5

ORDER OF SERVICE:

Service of Word and Sacrament: Page 26

PRAYER FOR THE DAY—Spoken by all together.

Lord God, by the leading of a star You once made known to the nations Your one and only Son. Guide us, also, who know Him now by faith, to come at last to the perfect joy of Your heavenly glory; through Jesus Christ our Lord, Who lives and reigns with You and the Holy Spirit, one God, now and forever. ♪ Amen

SCRIPTURE LESSONS:

Psalm of the Day: Psalm 72 (Page 93)

The Savior has come for all nations. All nations are blessed through Him. We are part of “all nations” and so we praise the Lord for including us in His plan of salvation.

Second Lesson: Ephesians 3:2-12 (Page 1820)

God’s grace is for all people, Jews and Gentiles. St. Paul proclaimed this mystery to the Gentiles. We also proclaim that Jesus came for all.

And God said, “Let There Be Light!”

Technology fuels popularity of intelligent design

A new Zogby poll shows that a majority of Americans support intelligent design.

According to the poll, only 33 percent stated that they believe in Darwinian evolution, while 52 percent stated they believe life was guided by intelligent design.

Steve Meyer is the director for science and culture at the Discovery Institute. In his new book *Signature in the Cell: DNA and the Evidence for Intelligent Design*, Meyers suggests that the digital revolution is fueling the popularity of intelligent design: “*In the book I’ve written, I discuss the evidence of the digital code that’s inside life — the four-character digital code in the DNA molecule. I call it the signature in the cell. Bill Gates says it’s like a software program, only more complex than any we’ve ever written.*” He notes, “*You have at the base of life not just...matter and energy, but you have information as well, and I think that’s very intuitively something that arises from an intelligent source, not from undirected processes.*”

He adds that as people become aware of the scientific discoveries that show the complexity of life and they compare that with the complexity of the technology around them, they tend to question the “textbook” account of the origin of life that basically states that life arose from an undirected process.—by chance evolution, aided by “natural selection” and “survival of the fittest.” Those are now antiquated, “primitive,” and un-intelligent rationale.

.....
Mankind has a “natural knowledge” of a god, a creator, and one to whom each is accountable. Most even have a sense that there is an afterlife. Still, people need the Scriptures to light their way from the darkness of fallen existence to light and life in Christ!

Gospel: Matthew 2:1-12 (Page 1497)

The Magi learn of the new-born King and come to worship Him as their Lord and Savior. God kept them from reporting back to Herod. They returned to their home by a different route.

SERMON: Isaiah 60:1-6 (Page 1155)

As of Sunday, December 27th, our treasurer was showing \$128,264 income. We would have needed \$5,130 New Years Eve to meet our 2009 budget of \$133,394.

2010 Budget of \$130,579 has been pre-approved by the Elders and Council. You will note that it is almost \$3,000 less than what we were hoping for last year. Besides a number of cuts – including to West and Synod, whom are already far lower than recent years – there will be a freeze on paid worker remuneration. A number of members have expressed that their financial situation has deteriorated, so that they will be reducing their offerings. Will others of us make up the difference?!

With the Vision Task Force's call to stewardship of our time and talents as a congregation, we have not conducted the normal fall stewardship program during which we ask our people to prayerfully consider their regular offerings for the year ahead. Your consideration to this before we even start the new year would be appreciated. There is the probability that we will have a stewardship emphasis early next year.

Church Christmas Decorations will be taken down following our Service next Sunday. Your help would be much appreciated!

If you purchased a **poinsettia** and would like to enjoy it at home, please take it today.

There is a new flower calendar for 2010 on the bulletin board. If you would like to donate flowers for the altar on a Sunday that is special to you, please sign your name by the date. Thank you!

***Thank you!** To those who remembered us with cards and gifts in the Christmas season. We feel richly blessed to be part of Brooklyn Lutheran these many years already.*

Pastor & Jean

Welcome to Denise O'Connell and Jackson George Jr., who were received into communicant membership at our New Year's Eve Service Thursday night. *May the new year and years to come bring mutual spiritual blessing to them and us!*

Why Go To Church?

A Church goer wrote a letter to the editor of a newspaper and complained that it made no sense to go to church every Sunday "I've gone for 30 years now," he wrote, "and in that time I have heard something like 1,500 sermons. But for the life of me, I can't remember a single one of them. So, I think I'm wasting my time and the pastors are wasting theirs by giving sermons at all."

This started a real controversy in the "Letters to the Editor" column, much to the delight of the editor. It went on for weeks until someone wrote this clincher:

"I've been married for 30 years now. In that time my wife has cooked some 32,000 meals. But for the life of me, I cannot recall the entire menu for a single one of those meals. But I do know this... they all nourished me and gave me the strength I needed to do my work. If my wife had not given me these meals, I would be physically dead today. Likewise, if I had not gone to church for nourishment, I would be spiritually dead today!"
