## God Created the World for Us

A long time ago there was no world—no sun or moon. There were no trees, no birds, no animals, no people. There was only God.

Then God made the world. He made it out of nothing. God said, "Let there be light."

And just like that, there was light. God called the light day and the dark He called night. God looked at what He created. And God saw that it was good.

Next God made the sky, high above the earth. God made rivers, blue lakes, and big oceans. He also made fields, mountains, and valleys. After this God covered the land with green grass. From the ground grew many

kinds of vegetables. Beautiful flowers were everywhere. God also made trees. He looked at what He created. And God saw that it was good.

God wanted some lights in the sky. He made the sun to make every day light and warm. He made the night beautiful with the moon and twinkling stars. God looked at what He created. And God saw that it was good.

After that God said, "Let there be all kinds of fish and sea creatures." He made whales, goldfish, turtles, and crabs. Next God made all kinds of birds. God listened to His birds. God liked what He heard. God looked at what He created. And God saw

that it was good.

Then God said, "Let there be all kinds of animals on the land." As soon as God said this, there were cats and dogs, lions and tigers, elephants and giraffes, snakes and frogs. There were hopping bunnies, growling bears and playful otters. God looked at what He created. And God saw that it was good.

"Now", said God, "I will make the most wonderful thing of all. I will make people." And God made the first man, Adam, and the first woman, Eve. God looked at what He created. And God saw that it was *very* good!

## Parent's Message

It's so much fun to be with young children when they are outside. They notice the many things God created—ants crawling on the sidewalk, a bird feather on the grass, the call of a distant bird—that we adults don't even see or hear, but take for granted.

Take time to look at the world through your child's eyes. Enjoy it together. Praise and thank God for the wonderful world He created for us to enjoy and use together too.

You can read the story of

Creation in your Bible at home. Look at Genesis 1:1 - 2:2

Our Bible words this week come from Genesis 1:10 - **And God saw that it was good.**

## Class News - Welcome Back Friends!

What a wonderful first few days of school we have had so far! These first weeks are all about welcoming back old students and welcoming new students into our classes. We learn the rules and routines of the classroom. We learn where things are located like

the toys, the bathrooms, the church, and even the office. We meet new friends like Mrs. Budach, and Pastor and Mrs. Holub, as well as the new friends we make in class. We even have a chance to discover some surprises that have been waiting for us—like

our new class pets, Lucinda, Ophelia, Marco, and Fred the goldfish! Check out the list of books we have been reading at your local library. The children are sure to love hearing the stories again. God's Blessings to you until next week!
